## CAREER OBJECTIVE

Dedicated and innovative Full Stack Developer with a strong foundation in MERN stack development, seeking to leverage my technical expertise in building scalable web applications. Aiming to contribute to a dynamic organization while continuing to enhance my skills in both frontend and backend development.

## EXPERIENCE

### SHINE LOGICS | PRODUCT CONTRIBUTOR

June 2024 – Nov 2024 | Intern

- Developed a AI power Interview tool to automate and enhance the interview process using AWS and React Vite.
- Implemented LSRW skill assessments and an AI-powered HR interview to evaluate candidates.

## PROJECTS

### OD CLAIMER | MERN STACK

Nov 2024

- Built a MERN application for on-duty requests and attendance tracking.
- Updated records with geotagged photos and proof details.
- Integrated role-based access control for students, faculty, and admins.
- **Tech Stack:** React, TailwindCSS, MongoDB, NodeJS
- **GitHub** | **Live Demo**

### EARTHQUAKE ANALYSIS DASHBOARD | POWER BI

Aug 2024

- Built a dashboard that handles real-time earthquake data for predictions
- Implemented interactive visualizations to analyze earthquake magnitude, depth, and frequency trends
- Integrated geospatial mapping to display earthquake locations dynamically
- **GitHub**

### NURSERY WEBSITE | MERN STACK

Jun 2024

- Built a nursery website for farmers to sell their products directly
- Implemented a real-time inventory management system with MongoDB Atlas to track product availability
- **Tech Stack:** React, TailwindCSS, MongoDB, NodeJS
- **GitHub** | **Live Demo**

### EVENT MANAGEMENT SYSTEM | HTML, CSS

Dec 2024

- Developed a responsive event management website for users to browse, register, and manage events
- Designed an intuitive UI with HTML and CSS for a seamless user experience
- **GitHub**

## EDUCATION

### B.TECH IN AI & DS

KONGU ENGINEERING COLLEGE

Grad. May 2026 | CGPA: 8.59 / 10

(Till 4<sup>th</sup> sem)

### HSC | SSLC

SRI SAI MATRICULATION HIGHER  
SECONDARY SCHOOL

Grad. May 2022 | Per: 88.3

10th: 87.5%

12th: 91%

## SKILLS

### PROGRAMMING

- Java (Intermediate)
- C (Intermediate)
- Python (Intermediate)
- JavaScript (Intermediate)

### FRONTEND

- React • Tailwind CSS
- HTML • CSS

### BACKEND

- Node.js • Express.js
- Flask

### DATABASE

- MongoDB • Firebase

### TOOLS & TECHNOLOGIES

- Github • Docker
- Netlify • Vercel
- Overleaf

## CERTIFICATIONS

AWS Cloud Quest: Cloud Practitioner  
[Visit]

Oracle Cloud Infrastructure 2024  
Certified AI Foundations Associate [Visit]

MongoDB Associate Developer [Visit]

## ACHIEVEMENTS

Ideathon Finalist  
AI-Hack Finalist  
HackSphere Finalist  
Project Expo Finalist
